(Women's Health and Aging Study, screening and baseline interviews, 1992-1995)

¹ All variables except preparing meals less often or differently have less than 2% missing data. For these variables, results are based on non-missing data.

² Descriptive statistics are based on weighted data.

³ First row for each task may not add up to 100% due to rounding.

⁴ The screener question is in the form "By yourself, that is without help from another person or special equipment, do you have any difficulty . . . ?" Item is followed by "How much difficulty do you have?" The presence of the condition was confirmed in the baseline interview.

⁵ The question is in the form "Do you [do the task] less often than you used to?"

⁶ The question is in the form "Do you [do the task] differently than you used to?"

⁷ The screener question is in the form "Because of a health or physical problem, do you have any difficulty . . . (by yourself)?" and followed by "By yourself, how much difficulty do you have?" The presence of the condition was confirmed in the baseline interview.

⁸ Do you usually receive help from another person [doing the task]?

- ⁹ The question is in the form "By yourself, that is without help from another person or special equipment, do you have any difficulty . . . ?" Item is followed by "How much difficulty do you have?"
- ¹⁰ Due to an error in the administration of the questionnaire the questions were not asked of all eligible participants.
- ¹¹ Have you cut back on the number of meals you prepare because your health makes it difficult?
- ¹² Have you changed the types of food you prepare or given up preparing certain foods because your health makes it difficult?
- ¹³ Are you less involved in managing your money than you used to be because your health or physical condition makes it difficult?
- ¹⁴ Does another person usually help you with managing your money?
- ¹⁵ The question is in the form "Because of a health or physical problem, do you have any difficulty . . . (by yourself)?" and followed by "By yourself, how much difficulty do you have?"
